

Invitation to International seminar with Stakeholders on 30 October (discussion of the CiSoTRA Model)

In the framework of the CiSoTRA project, we invite you to the International seminar with stakeholders. Seminar is devoted to discussion of the CiSoTRA Model for better social inclusion of migrants in transition to adulthood: *Model is innovative and inclusive approach to support the UAM in transition to adulthood and to strengthen the links between different interfaces/organisations that are involved in support for young migrants (learning communities among different actors). This could lead to more holistic approach (development) for the individuals, at the same time this could contribute to more integrative community, which leads to more cohesion society.*

More information about the model: Newsletter no. 5. (in the attachment), and www CiSoTRA:
